

A top-down view of a red and white striped umbrella. The canopy is divided into eight triangular segments that meet at a central metal fastener. The segments alternate in color: red, white, red, white, red, white, red, white, starting from the top and moving clockwise. The umbrella is slightly curved, suggesting it is open. Two text boxes are overlaid on the image: one at the top and one at the bottom.

SU - 150x100 mm
